Quarterly Statistical Report Forms  
Fiscal Year 2011  
October 1, 2010 – September 30, 2011

## **Summary Report**

October 2012

The Minnesota Office of Justice Programs (OJP) funded 145 agencies statewide to provide direct services to victims of crime in FY11. Agencies submitted quarterly statistical reports during the fiscal year documenting demographic and service information for each of the program areas for which they were funded. The current set of quarterly statistical report forms have been in use by grantees since FY03.

This report presents the FY11 summary data and a historical look at the demographics of primary victims served between FY03 and FY11 for each of the program areas funded by OJP. The quarterly statistical form definitions can be found at the end of this report.

Please feel free to use these data as needed (e.g. newsletters, grant proposals, presentations, etc.). If you do choose to disseminate this information, please consider that although grantees are given guidelines on collecting these data, there are hundreds of individual staff interpreting these guidelines and implementing data collection practices within their own agencies before submitting to OJP. Questions about these data can be directed to Chris Anderson at 651-201-7302 or [chris.anderson@state.mn.us](mailto:chris.anderson@state.mn.us).

## **Quarterly Statistical Form Definitions FY11**

Data category explanations may be found, for the most part, on each specific quarterly statistical form (see appendix). Below are broad definitions that apply to all quarterly statistical forms but do not appear on the forms.

### **Primary Victims Served**

A primary victim served is a person who is ***directly*** victimized by a crime and receives at least one of the “services” as defined below. In domestic violence cases, children of primary victims served are also counted as primary victims served if they receive at least one of the services defined below. In homicide cases, family and friends of the deceased should be counted as primary in most instances.

### **Secondary Victim Served**

A secondary victim served is a person who is ***indirectly*** victimized by a crime and receives at least one of the “services” as defined below. In domestic violence cases, a secondary victim would include any other victim served by the program, such as an abused woman’s sister or friend, who receives at least one of the services defined below.

### **Services**

A “service” is counted each and every time (volume count) program staff provides a service listed below. Multiple services can be performed and recorded during each contact with a victim. A service is not defined by length of time but rather each instance in which a victim is provided assistance under a category below.

### **Crisis Counseling/Intervention**

Refers to (in-person or telephone) **crisis** intervention, emotional support, safety planning and guidance provided at the scene of a crime, immediately after a crime, or on a crisis hotline call.

### **Counseling/Intervention**

Refers to ongoing or follow-up contact with victim after initial services were provided to offer support, safety planning, guidance, check on the victim’s progress, provide additional information or to evaluate services provided.

### **Information & Referral**

Refers to contact to or from the victim in which you either 1) offer or notify the victim of your available services, or 2) refer him or her to other agencies for assistance/shelter.

### **Personal Advocacy**

Refers to physically assisting victims (including non-emergency transportation) in securing rights, remedies, and services from other agencies; locating emergency financial assistance; intervening with employers, creditors, and others on behalf of the victim; assisting in filing for losses covered by public and private insurance programs including workman’s compensation, unemployment benefits, welfare, etc.; accompanying the victim to the hospital, etc. Information and referral assistance should be recorded under “Information & Referral.”

## **Quarterly Statistical Form Definitions - Continued**

### **Support during Evidentiary Exam**
